PERSONAL PROFILE

Dedicated and result-oriented medical professional with an ability and enthusiasm to adapt quickly to new professional challenges. Successful track record in medical care and health services research. Organised and able to prioritise. Adept at giving excellent written and oral presentations.

OBJECTIVE

To obtain a challenging position where I can continuously learn and broaden my knowledge, experience and skill set. Offer my own competences to a multidisciplinary team in order to improve health care services.

PROFESSIONAL EXPERIENCE

05/2014 - present

Department of General Medicine, Goethe University, Frankfurt am Main/Germany

01/2015 – Researcher in chronic disease and health services research, 40%

- Coordinating a country-wide survey on the involvement of general practitioners in cancer care in Germany (“Onkologie in der Hausarztpraxis”)
- Preparing statistical analysis and summarizing outcomes for publication
- Planning and executing a subsequent project phase involving qualitative interviews and focus groups
- Attended trainings in Good Clinical Practice (GCP)

01/2015 – Student teacher/Lecturer, 40%

- Planning and leading undergraduate medical student courses (Lectures and Seminars)
- Analysing students’ course evaluation forms
- Providing training for general practice teachers
- Attended training in didactics skills

05/2014 – 12/2014 Researcher in chronic disease and health services research, 50%

- Participated in a cross-sectional study on familial colorectal-cancer risk (“Familiäres Risiko für Darmkrebs - FRIDA.Frankfurt”); nominated for Felix Burda Award 2016

- Planned, executed and published the results of a validation study based on 4-item-questionnaire
- Published a review article for general practitioners on cancer biomarkers

07/2013 – 04/2014

Parental leave

- Attended Distant teaching courses in Economic Sciences at University of Hagen/Germany (50 ECTS points)

11/2011 – 06/2013

**Department of Internal Medicine, District hospital Rheinfelden/Germany
Resident physician, 80%**

- Provided medical care for mostly oncologic patients
- Attended trainings in Sonography, Echography and Psychosomatic care

EDUCATION AND QUALIFICATION

2011

Doctoral thesis, University Greifswald/Germany

Thesis topic: "Costing of hospital services in rural sub-Saharan Africa – The case of Nouna district hospital, Burkina Faso"

- Research visit to Nouna/Burkina Faso in 2007

2004 – 2010

Medical Studies, University Greifswald/Germany

- Internships in Olten/Switzerland (Urology) and Strasbourg/France (Internal Medicine and Surgery)
- Clinical traineeship in Bamako/Mali (Urology, Gynecology and General Medicine)
- Student-scholarship of Konrad-Adenauer-Stiftung

1991 – 2004

Primary School and High School, Bensheim/Germany

- Rotary Youth Exchange Program in Arequipa/Peru (2001/2002)

IT SKILLS

Microsoft Office (Word, PowerPoint, Excel)

IBM SPSS Statistics

LANGUAGE SKILLS

German native language

English, French and Spanish fluent, oral and written
